REVIEWS

Olivier is truly a master of his craft! His ability to capture emotion is extraordinary; he is truly one of a kind!!! His ability to capture the joy in our hearts along with the love emitting from our family and friends on this epic day was phenomenal!! I will forever be grateful for the passion that drives his creativity. It was a pleasure to have him capture this moment in our history!!

Janna + Godfrey

I came across Olivier at a bridal show. I immediately loved his work. His images stood out among all the other photographers we had seen. In particular, I loved that his pictures were more than just traditional group shots, etc. They were fun and felt like they genuinely captured the feel of the moment. As someone who is not comfortable in front of the camera, I was a little nervous about the experience, but Olivier made us both feel completely comfortable and made sure we had fun! Aside from his talent, he is also a pleasure to work with. He showed up bright and early the day of our wedding and stayed until then very end! Everyone commented on how rare it is for a photographer to stay the entire time- it was just another bonus of going with Olivier! We were very happy with our experience and would certainly recommend Olivier!

Katie + Matt

Olivier provided my wife and I a very friendly yet very professional engagement and wedding day photos and gestures. It became more and more clear how passionate he is about bringing his vision to life and enjoying every bit of his work. He helps you through an extensive planning process that photography is significantly involved in and that went a long way for my wife and I. He ironically has already worked with people I know and I will be strongly recommending his services to those I am aware that are in need of photography services, especially friends and family.

Amy + Eddy

Olivier worked with me on every level. He was prompt, respectful and accommodating. Most of all he was Enthusiastic about his work, while at work!! We love love loved the Olivier recommended guest book, it was the hit at the wedding and still a topic of conversation when I speak to our guests! It sold us then and captured our hearts now!! Future brides will love the Story telling signing book, it will Never end up in a storage box or closet it will Always be on display!! You will enjoy the "O" moment!!
